| Geometry (G) Strand | Two-Dimensional Shapes and Equal Shares (Chapter 9) Three-Dimensional Shapes (Chapter 10) | April mid-May |
| Review Math Concepts | Review Math Concepts | mid-May |

- Day-to-day pacing is left to the discretion of individual collaborative teams. Follow the district monthly pacing to help guide the daily lesson plans. (For example, complete teaching chapters 1, 2, 3, and 4 by mid-December).
- Teachers are expected to use the chapter assessments regularly to guide instruction, intervention, remediation, and enrichment.
- **Trimester 1:** Chapters 1,2, and 3 **Trimester 2:** Chapters 4, 5, and 6
Trimester 3: Chapters 7, 8, 9, and 10
- Built-in 7 day review window at the beginning of the year to review Number Sense from Kindergarten
- Built-in 3 extra days in both Chapters 5 and 6 (due to more difficult math concepts)
- Built-in 8 day review window at the end of the year to review math concepts for first grade
- Optional: Prior to beginning instruction for Chapter 1, administer the My Math Grade 1 Placement Test (found in the My Math Diagnostic and Placement Tests in e-assessment)
- Optional: Benchmark Tests from My Math
